Hairdressing Salon at Milford House

Tuesdays are always a busy day at Milford House. The doors of the hairdressing salon usually swing open around 9 am. From then on, our residents begin to visit for their weekly cut, colour, set or trim. Whatever it may be, our hairdresser, Ellie, is only too happy to give the residents what they want. Whether a beard trim for the men or a colour or perm for the ladies, it's always done with fun and a smile from Ellie.

As there are three levels to Milford House and our residents can be busy with activities, outings and appointments, it can be tricky to coordinate a time for everyone to see Ellie in the salon. However, Ellie is always accommodating and ensures that no one misses out on a little pampering each week.
