

Education/Training

The Golden Girls

It all started in the 80s. We three—Vickie Tomic, Kim Murphy and myself—commenced what is now a long-standing career at Terrey Hills Nursing Home, amassing over 70 years service between us. It is unbelievable to recall that we actually cared for Mr Thompson's grandmother, Mrs Mac, and we can still visualise Faith on her daily morning rounds leading the dogs with both hands.

As with all establishments, change is inevitable, and we have embraced this change and implemented it with pleasure. To be part of the growth of Thompson Health Care over these years and to now be at such a highly accredited level is such a wonderful achievement for us all.

So here's to the next 70 years!

Annie Hammond
Terrey Hills Nursing Home
