## *Cultural Festivities*

A special lunch for residents was held on St Patricks Day with a “green theme” throughout the building, Irish jokes and stories were the order of the day with much laughter and merriment all round.

Also in March was our “Islander Day” which saw residents and families join in the activities. The weather was perfect for daydreaming about tropical breezes while watching the beautiful island dances and enjoying mouthwatering foods. Christmas-in-July was another fun day, Jack (our chef) prepared a traditional lunch of turkey and plum pudding for the residents, crackers were popped and party hats adorned our heads as we all enjoyed the day.
