10/05/2021

To Our Residents and Relatives

We wish to give you an update re visitor protocols in line with the latest NSW Health guidelines. We always stand committed to embrace and implement the directives from NSW Health.

NSW Health has made the below mandatory update for all the nursing homes:

- From 1 June to 30 September 2021, all visitors and staff entering a residential aged care facility should be required to provide evidence that they received a dose of the 2021 influenza vaccination.

The individual homes will communicate to you, if not already, their local visiting protocols vis-à-vis use of masks and visitor restrictions.

We will of course persist with the temperature and wellness checks.

We are very grateful for your continued and on-going support. You will appreciate that the health advice will keep evolving and adapting around the ever-changing macro environment.

Please contact Sonia or myself if you need any further clarification.

Kind Regards,

Mak Bhide

CEO
