To our Residents and Relatives

This is in continuation of our last update on May 29.

As mentioned earlier we are cautiously assessing the current macro environment. It is extremely heartening to see the situation stabilizing and seemingly under control.

We are reviewing to ease the restrictions further from the first week of July subject to any adverse movement in the number of Covid cases.

We look forward to welcoming visitors, two at a time, to see their loved ones in the privacy of their own rooms from first week of July.

The visits will be strictly by appointment in fairness to everyone. The wellness check and declaration will continue as before. The number of visits will be at the discretion of the respective Director of Nursing. We cannot be too prescriptive as every home is different.

Children under 16 are still not able to visit as they are asymptomatic carriers of coronavirus.

At the cost of repetition, we are indeed very grateful for your overwhelming support during a very difficult time.

Please contact Sonia or myself if you need any further clarification.

Yours Sincerely

Mak Bhide

CEO
