

Greetings from the DDON

Hello and welcome to Spring 2022. As Sujita is on leave, I (Rajani) will be writing to you this season. I would like to extend a heartiest welcome to all the new residents and their families to our home, Beecroft House.

I would like to take this opportunity to thank you for all your support, kindness and understanding. Please feel free to provide any feedback or suggestions to help us improve our environment and care.

We hope that your Spring this year is filled with joyous memories!
