## PROFESSIONAL SUMMARY

---

I am a registered adult nurse with a passion for providing compassionate patient centred care. I have experience providing care in the hospital and community setting. My role as a nurse has provided me with the opportunity to develop numerous skills, such as venepuncture, clinical observation monitoring, stoma care, personal care, Ecg monitoring and catheter care. I work in collaboration with members of the multidisciplinary team and patients families to ensure the best possible outcome for the patient.

- Stoma care
- Effective team worker
- Good communicator
- Compassionate and caring
- Patient

## WORK HISTORY

---

04/2022 to 06/2024 **Adult Community Nurse**

**Southern Health and Social Care Trust** – (Northern Ireland)

I am a registered adult nurse. When working in Northern Ireland I provided nursing care to patients in the community. My role involved providing nursing care to patients in a variety of different community settings, such as G.P clinics, supported living establishments and in the patient's own home. My duties involved personal care, clinical observation monitoring, venepuncture, administration of medication and palliative care. I also worked closely with the patients G.P and their families to ensure optimal patient care was delivered.

10/2021 to 04/2022 **Registered Adult Nurse**

**Southern Health and Social Care Trust** – (Northern Ireland)

I worked as a registered adult nurse in Northern Ireland in a local hospital. I worked in the accident and emergency department of the hospital. My role involved providing nursing treatment to patients arriving to the department who were suffering from acute illness or injury. My role as a nurse involved performing many different duties such as clinical observation monitoring, venepuncture, personal care, ECG assessment and cannulation.

## EDUCATION
