

ERI KASAHARA

REGISTERED NURSE (J A P A N)

PROFILE

☎ 0481-130-596
✉ spr1206ppt@gmail.com
📍 North Ryde, NSW 2113

I am looking forward to my first work experience in Australia. I have 8 years of nursing experience in Japan.

I have the ability to complete tasks on time in both individual and team settings. I am dependent and reliable, and I am ready to learn and develop my skills. I graduated from Charter Australia, as part of my final assessment for Certificate III in Individual Care.

CAREER PROFILE

YAMAGATA PREFECTURAL CENTRAL HOSPITAL

Registered Nurse April, 2017 - June, 2024

- Two years of nursing experience in a gastroenterology and gastroenterology - surgery ward
- One year of nursing experience in specialised rehabilitation wards
- Three years of nursing experience in urology and neurology wards where I was in charge of training recruits.
- Two years experience in an emergency room

MARK MORAN WARRAWEE

Assistant in Nursing (Aged Care) 4th, November-22th, November 2024

SUMMARY OF SKILLS

- In the emergency room, I worked with critically ill patients who had cardiopulmonary arrest, myocardial infarction, or cerebrovascular disease. I am confident in my first aid skills.
- In the surgical ward, I worked with patients undergoing gastrectomy, colorectal resection, colostomy, and urinary tract conversion. I am an experienced nurse in charging for patients of all ages and have confidence caring for the elderly.
- I have a strong communication skills background as a result of my experience of chairing multi-professional meetings. I can collaborate with other health professionals to enhance client's recovery and experience.
- I was on the committee for risk management. As a result, I can take appropriate action to carry out my job safety.
- I regularly attended voluntary study groups to maintain skills. It was my role to educate clients and their family members. I actively participated in training sessions to improve my skills.
