PERSONAL PROFILE

A compassionate caregiver who is committed to improving the patient's wellbeing and health through personal care and energetic engagement.

EXPERIENCE

Caregiver at Homecare 360 Oct 2021- to date

Having worked with the agency homecare 360 for a period of 1 year 6 months i have had an opportunity to care for patients with conditions such as, Postpolio syndrome, Diabetic patients, advanced dementia, stroke and bedridden patients. I was lucky to be posted at comfort care (Elderly/recovery home) where I gained experience in dealing with a whole different conditions such as cancer and post-surgery patients. I also gained experience in relating with other medical personnels.

DUTIES

- ❖ Grooming and dressing patients as needed
- ❖ Launder clothing, bedding and change of linens
- ❖ Ensuring that the patient's living space is clean.
- ❖ Feeding and administering medication as prescribed by the doctor.
- ❖ Documentation of daily reports, output and input and any other activities.
- ❖ Accompanying the patient's for doctor's appointments.
- ❖ Providing companion to the patient and engaging them in fun and brain storming activities e.g. crosswords, reading novels etc.

Nursing Assistant at national Spinal Injury Hospital Jul 2021-Sept 2021

On July and August 2021 i worked as a part time intern at spinal injury hospital and on September 2021 I worked as a full time intern.

DUTIES

- ❖ Giving bed bath to bedridden patients
- ❖ Assisting in activities of daily living.
- ❖ Diaper change and pressure area care
- ❖ Assist in any clinical procedures such as wound dressing.
- ❖ Draining of urine bag and catheter care.
- ❖ Toileting and training patients on bladder and bowel management.
- ❖ Assisting in wheelchair transfer and ambulation.
- ❖ Helping in turning and use of comfort devices to prevent pressure ulcers.
