HOBBIES

For the last 23 years, I have played classical piano and performed solo acts at the Opera House from as early as age 10. I enjoy staying physically active by visiting the gym or working in the garden, where I cultivate my own fruits and vegetables. I love to keep my passion for animals alive by giving back to Australia's wildlife, and for the last 3 years, I have been an active volunteer member of 'Wires' by going out into the community to rescue sick or injured animals.
