Career Objective

I have completed a Certificate III in Individual Support, including hands-on placement experience in an aged care nursing home. I'm passionate about working with people and making a positive impact on their daily lives, which inspired me to transition from hospitality to the care sector. My training has equipped me with key skills in personal care, effective communication, and person-centered support. I am now eager to begin my career, where I can provide compassionate, respectful care and support for those in need.
