Personal Summary

I am an ongoing and enthusiastic person who is a self – motivated nursing assistant who is able accomplish all the assigned tasks and responsibilities with minimal supervision. I have extensive knowledge of basic nursing principles and procedures, I have always demonstrated compassion, dignity and respect when looking after my patients. I am in a fit physical and mental position and able to take care of people's daily care needs. I have experience of looking after elderly people in residential homes. Right now, I am in a state of looking for a suitable position with a company that is committed as myself to provide the best healthcare for its patients and a safe environment for employees.
