ABOUT ME

Currently over 14 years' experience working in residential aged care settings. Over 8 years' experience as a bartender with 4 of them being an assistant manager. I have been employed with RSL Life Care for the past 10 years working at; Thomas Eccles Gardens, Governor Phillip Manor, and John Edmondson VC gardens.

I communicate confidently, politely, and professionally at all times. To meet deadlines and objectives, I have always worked well with others. I am a dedicated individual who undertakes my work duties professionally, diligently, and with care. As part of my work, I maintain integrity, which I believe is an essential part of work ethics.

EDUCATION

Western Sydney University 2019- Current

To whom it may concern,

I am writing to highly recommend Jessica for any future endeavors she pursues in the nursing field. I had the pleasure of supervising Jessica during her placement at Campbelltown Hospital on the medical assessment ward D21, and I was continually impressed by her professionalism, dedication and clinical competence.

Throughout her time under my supervision, Jessica consistently demonstrated a strong commitment to providing high-quality patient care. She exhibited exceptional clinical skills, quickly grasping complex medical concepts and applying them effectively in practice.

Jessica's ability to remain calm under pressure and thinks critically in a fast paced environments greatly contributed to the efficient functioning of our unit. Moreover, she is compassionate demeanor and has excellent communication skills endeared her to both patients and colleagues. She consistently went above and beyond to ensure that patients felt supported and well informed throughout their hospital stay, her empathetic approach to care truly made a difference in the patients.

She exhibited a strong work ethic and willingness to learn and collaborate with others, she actively sought out opportunities for professional growth and development.

Overall, Jessica is an outstanding individual who embodies the qualities of an exemplary nurse. I have no doubt that she will continue to excel in her nursing career and make significant contributions to any health care setting she joins.

I will wholeheartedly recommend her without reservation.

Your sincerely,

Sandra Crisante
