OBJECTIVE

Compassionate and dedicated individual searching for the positions in the aged care that offers me generous opportunities, where I can outshine my strong interpersonal skills, empathy, and motivation to provide great care to elderly residents. I am keen to provide a supportive and enriching environment that will flourish the well-being, dignity, and independence of older adults. And I believe in learning by doing. So, I want to learn great skills and knowledge of nursing care that will help in my academics as well my career later.
