CLINICAL PLACEMENT

Student Registered Nurse

Silverwater Women's Health Centre (Correctional Centre).

04.12.23 - 15.12.23: 80 hours

Placement Focus: Primary Health Care

- Assisted RNs while seeing patients in the clinic (collected vital signs, BGL, performed pregnancy tests, wound care and simple dressings)
- Conducted patients' health assessments, including mental state, family history and substance use history
- Packing medication for patients under RN supervision; educating patients on potential side effects
- Maintained patients' progress notes using narrative and SOAP formats
- Received an excellent mark from the facilitator for active participation in the clinic, escalating deteriorating patients and continuous learning

Student Registered Nurse

The Hills Private Hospital (Rehab).

28.10.23 - 19.11.23 (weekend shifts): 80 hours

Placement Focus: Sub-Acute

- Assisted RNs with daily rounds on a busy rehabilitation ward while delivering high standards of care to meet patients needs
- Assisted patients with performing the ADLs (showering, dressing, toileting using bedpans and urinals, performed simple wound dressing and skin care)
- Assisted patients with nutrition needs. Implemented minced, pureed, diabetic diets, and fluid restriction and thickened fluid regime
- Assisted with patient mobility and repositioning
- Collected vital signs, BGL, performed urinalysis
- Administered medication under RN supervision
- Participated in handover using ISBAR protocol and maintained nursing documentation (progress notes, SAGO chart, fluid balance chart, plan of care)
- Prepared rooms, cleaned and gathered equipment

Student Registered Nurse

Estia Health Epping

01.05.23 - 12.05.23: 80 hours

Placement Focus: Aged Care

- Performed residents' care (bathing, toileting, dressing, stoma care)
- Provided companionship and emotional support for residents
- Assisted residents with mobility, exercises and nutritional needs
- Collected vital signs and reported to the RN
- Was highly evaluated by the facilitator for an excellent performance during placement
