About me

I'm looking for a fresh start doing what I love.

I have been caring for the elderly for over 16 years now and thoroughly enjoy it. I have extensive knowledge of all aspects of Aged Care, focused mostly around Dementia.

I am a highly regarded Care worker currently in the community and also where I spent many of my years at Hammond Care.

I have a home in Umina Beach, and live with my wonderful Husband and our beautiful nine year old daughter.

My family mean the world to me, and when I'm not working, you will find me with them! I am a happy, vibrant and approachable person.

Glowing references, both professional and personal will be provided upon request.

I look forward to hearing from you, and potentially having the opportunity to be a part of your team.
