Recruitment Team

THOMPSON HEALTH CARE

I am writing to express my interest in the **Assistant in Nursing (AIN)** position at **Australian Unting**. I am currently completing my **Certificate III in Individual Support (Aged Care)** at **TAFE NSW**, and I will graduate on **December 4, 2024**. In addition to my studies, I bring with me five years of experience as a registered nurse in Japan, where I worked in both nursing homes and hospital wards, providing high-quality care to patients of all ages, including elderly residents.

During my time as a registered nurse in Japan, I developed strong clinical skills in assessing patients, providing hands-on care, administering medications, and working closely with families to ensure the comfort and well-being of patients. My experience in nursing homes particularly strengthened my understanding of the unique needs of elderly residents, and I have always been dedicated to promoting dignity, independence, and quality of life for those under my care.

While I am currently a student, I am eager to apply my extensive clinical background in a new setting and continue to grow as a professional in Australia's aged care sector. Additionally, I am scheduled to begin my **Certificate IV in Aging Support** in February 2025, which will enable me to further enhance my skills and contribute more effectively to your team.

I value teamwork and have always worked closely with other healthcare professionals and facility staff to provide the best possible care for patients. In my previous roles, I contributed to building strong collaborative teams focused on delivering excellent patient care, and I am passionate about continuing to work in this way.

I would like to note that I currently reside in a different area, but I am planning to relocate closer to your facility as soon as I secure a position. This move reflects my strong commitment to becoming a long-term and reliable member of your team.

Please find my resume attached for your consideration. I would welcome the opportunity to discuss how my background and skills can contribute to your team. Thank you for considering my application. I look forward to hearing from you soon.

Best Regards,

Nanami Yoneyama

NANAMI YONEYAMA

AGED CARE STAFF
