EXPERIENCE

Thompson Aged Care - St Marys 15/04/2024 – 19/04/2024

Southern Cross Care – Thornton – 10/07/2023 – 14/07/2023 & 25/09/2023 – 29/09/2023

Whilst completing my HSC I also completed Certificate III in Individual Support – Aged Care. As part of the course, I also completed 120 hours of work placement in aged care facilities. During my placements I gained valuable skills and capabilities including:

- Personal care to clients – showering, personal hygiene/incontinence care, dressing, feeding, manual handling.
- Providing individualised support, tailoring my care and approach to suit each client and focus on their goals and interests.
- Supporting clients living with dementia – ensured I focused on the safety and dignity of each client, whilst also providing support and understanding to family members.
- Documentation of client physical and emotional behaviours.
- Providing care to deceased clients – bathing and dressing to prepare for family members.
- Support nursing staff and team members.

I thoroughly enjoyed working in each aged care facility. My time caring for clients cemented my decision that nursing was the right career choice for me.
