Professional Summary

Compassionate and highly experienced Staff Nurse with over 15 years of expertise in delivering exceptional patient care across general, pediatric, and neonatal units. Adept in clinical assessments, patient education, emergency response, and advanced procedures including IV therapy, catheterization, and airway management. Proven ability to work effectively in fast-paced healthcare environments, providing holistic care while ensuring adherence to regulatory standards. Recognized for strong teamwork, attention to detail, and a commitment to continuous quality improvement. Holds valid registration as a Registered Nurse and Midwife, with certifications in CPR/AED and General Nursing & Midwifery.

Work Experience

STAFF NURSE

Department of Health & Family Welfare

October 2009- Till Now

- Offered exceptional care and support to individuals recovering from acute incidents and dealing with chronic conditions.
- Promoted patient and family comfort during challenging recoveries to enhance healing and eliminate non compliance problems.
- Investigated and resolved issues affecting hospital operations and patient care.
- Conveyed treatment options, diagnosis information and home care techniques to patients and caregivers to continue care consistency.

NEONATAL INTENSIVE CARE UNIT NURSE

Cheema Medical Complex

June 2008-June 2009

- Assessed, evaluated, and cared for neonate and pediatric patients.
- Administered medications, performed diagnostic tests, and analyzed results for prompt intervention in critical situations.
- Assisted physicians during delicate procedures, ensuring a safe environment for both patients and medical staff members.
- Actively participated in quality improvement initiatives, identifying areas for potential enhancement within the neonatal intensive care unit setting.
- Enhanced staff efficiency by effectively delegating tasks and supervising nursing assistants in the NICU.
