Assistant in Nursing

ABOUT ME

Recently qualified overseas nurse with a strong commitment to provide high quality and patient-centred holistic care, whilst developing current nursing knowledge, skills and experience gained as a student.

EXPERIENCE

Personal Care Assistant (PCA)

March '24 - Present

Landsdowne Gardens on Wycombe - Cranbrook Care,
Sydney NSW

- Providing holistic personal care duties for residents according to individual needs and preferences, whilst ensuring to be kind and caring and respectful of resident identity and culture.
- Providing behavioural and emotional support, companionship and supervision for residents with dementia and Alzheimer's disease.

Assistant in Nursing (AIN)

July '23 - January '24

Prins Willem Alexander Village - MiCare, Brisbane QLD

- Providing behavioural and emotional support, companionship and supervision for residents with dementia and Alzheimer's disease.
- Providing ongoing professional and compassionate care for residents and assisting residents with activities of daily living (ADL).

District Nurse

March ' 22 - July ' 22

Beter Thuis Wonen Thuiszorg - Deventer, the Netherlands

- Enrolling patients in home care, including providing them with a personal medical care plan and coordinating their care.
- Maintaining continuity of care by collaborating with other healthcare professionals, such as general practitioners and dietitians.
- Educating patient and their families in disease management, disease progression, medication changes and recommended diets.

Student Psychological Ward

September ' 21 - January ' 22

Isala Hospital - Zwolle, the Netherlands

- Obtaining information for a psychiatric and medical assessment of the patient.
- Working within a interdisciplinary team, involving psychiatrists and psychologist, social workers and case managers.
- Providing the patients with voluntary and involuntary medications, ensuring adherence of the unit rules and search of contraband.

Home carer

May ' 20 - March ' 21

Buurtzorg - Deventer, the Netherlands

- Providing care for elderly patients with different ethnic backgrounds whilst managing acute to chronic health issues, assessing and evaluating individual patient requirements.
- Assisting patients with mobility needs, including moving from and to beds, organizing wheelchairs and preparing assistive devices.
