PROFESIONAL PROFILE

I am Lourdes Guillen, an enthusiastic professional committed to the well-being of older people. Although I currently do not have direct experience in the elderly care sector, I am training in "Certificate III in Individual Support" and have a deep vocation for service. My goal is to begin a career in senior care, where I can apply my dedication and interpersonal skills to improve the quality of life of older adults. I currently have a Bridging A visa but in the future I am looking for a sponsor ship. I am available full time to work with great enthusiasm.

My interpersonal skills, such as empathy, patience, and effective communication skills, have prepared me to work compassionately and professionally with residents. Additionally, I have a proven ability to learn quickly and adapt to new environments, which will allow me to integrate effectively into your work team.

I am deeply motivated by the opportunity to contribute to the well-being of residents. I am willing to participate in any additional training necessary to perform with excellence in this position. I firmly believe that my passion for senior care and my ongoing training make me an ideal candidate for this position.

I appreciate your consideration and look forward to the opportunity to discuss how I can contribute to the team. I remain at your disposal for an interview and any other information you may require.
