### **Summary**

My goal whilst being a stay-at-home mum is to work in the healthcare industry. The first step in achieving my objective was to begin my studies at Kirana College. Where I have successfully completed all 13 subjects of Certificate 3 Individual support (aging). I am now looking to find a suitable aged care facility to undertake my work placement. Character traits that have been instrumental in my journey so far include being a hardworking person with a passion for helping people. I also enjoy gardening and cooking.

### **Key Skills**
