Dear Hiring Manager,

I am writing to express my interest in the Nursing Assistant position at your facility. I am a Registered Nurse from the Philippines with experience working in the Intensive Care Unit (ICU), and I am passionate about delivering compassionate and high-quality care to patients.

Currently, I am in Australia on a tourist visa and therefore do not have working rights at the moment. However, I am in the process of completing the Objective Structured Clinical Examination (OSCE) as part of the requirements to become a Registered Nurse in Australia. I am actively seeking sponsorship opportunities and am eager to contribute my skills and experience as soon as I am eligible to work.

While awaiting my registration and working rights, I am prepared to begin work immediately once sponsorship or the appropriate visa arrangements are in place. I am deeply committed to continuing my career in healthcare here in Australia and am eager to be part of a team that values quality care and professional development.

Thank you for considering my application. Should you need any further information, you may reach me through my email or phone number. I look forward to the chance to discuss how my experience and aspirations can contribute to your team's success.

Warm regards,

Sophia Judel I. Turla

SOPHIA JUDEL I. TURLA, PHRN, USRN

REGISTERED PROFESSIONAL NURSE

PROFILE

A committed and compassionate Registered Nurse with a Bachelor of Science in Nursing from the University of Santo Tomas seeking an entry-level staff nurse position where I can apply my clinical training to contribute to the healthcare team and deliver high-quality patient care in a dynamic healthcare environment.

CLINICAL EXPERIENCE

Jose B. Lingad Memorial General Hospital (January 6, 2025 - April 18, 2025)

Staff Nurse - Acute Stroke Cardiovascular Unit

- Appointed to the Acute Stroke/Cardiovascular Unit to provide direct patient care within a 900-bed tertiary government hospital's specialized Acute Stroke/Cardiovascular Unit (part of the ICU). Responsibilities include monitoring vital signs and neurological status, administering oral and intravenous medications, managing intubated patients connected to mechanical ventilators, providing Basic Life Support (BLS), and assisting with Advanced Cardiac Life Support (ACLS) as needed. Contributes to the multidisciplinary team in delivering comprehensive patient care.

University of Santo Tomas Hospital (2023)

Student Nurse - Medical Ward and Special Areas

- Developed comprehensive bedside nursing expertise encompassing patient assessment, medication administration, and wound care. Expanded clinical knowledge through specialized roles in critical care and other high-acuity areas such as the operating room, post-anesthesia care unit, intensive care unit, and hemodialysis unit.

East Avenue Medical Center (2023)

Student Nurse - Neuro Ward

- Honed skills in neurological assessment, monitoring, and management of acute and chronic neurological conditions. Learned to manage stroke, and brain injuries, as well as administer medications effectively. Acquired strong communication and collaboration skills essential for optimal patient care and interdisciplinary teamwork.

Tondo Medical Center & Quezon City General Hospital (2023)

Student Nurse - Delivery Room

- Cultivated expertise in intrapartum care and surgical assistance. Developed proficiency in management and patient support while fostering effective teamwork to ensure optimal maternal and neonatal outcomes.

Tayabas Health Center (2023)

Student Nurse

- Health center immersion provided invaluable hands-on experience in patient care, encompassing patient assessment, triage, and essential medical procedures. This exposure refined my clinical skills and fostered a deeper understanding of community healthcare delivery.
