Objective

Compassionate and dedicated Assistant in Nursing (AIN) with hands-on experience in age care and support, gained in both Australia. Skilled in providing patient-centred care, ensuring safety and comfort, and assisting with daily activities. Seeking an AIN position where I can contribute to the well-being of patients and support the healthcare team.

Skills

- Patient Care: Experienced in assisting with personal hygiene, mobility, and daily activities, ensuring dignity and comfort.
- Observation & Reporting: Proficient in observing patient conditions and promptly reporting any changes to the nursing team.
- Infection Control: Knowledgeable in infection control protocols and maintaining a clean and safe environment.
- Communication: Effective communication skills with patients, families, and healthcare professionals, promoting a collaborative care environment.
- Cultural Sensitivity: Experienced in providing culturally safe and respectful care, particularly with vulnerable populations.

Experience

Whiddon Age care, Kelso

1 year experience

Started from 7 November, still working there.

Have medication competency

Provided compassionate care and assistance to residents, supporting their physical, emotional, and social needs.

- Assisted clients with daily living activities, including personal hygiene, mobility, and meal preparation.
- Observed clients for any health or behaviour changes, reporting findings to supervisors.
- Collaborated with families and healthcare teams to ensure holistic care.
- Assisted nursing staff with patient care tasks, including bathing, feeding, and transporting patients.
- Monitored and recorded vital signs, reporting any abnormal findings to nursing staff.
- Maintained a clean and safe environment by adhering to strict hygiene and infection control protocols.
- Supported patients in maintaining mobility and exercise as directed by the healthcare team.

Education

Got 90 percent in medical field in my secondary education

Started doing Bachelor of Nursing in Charles Sturt University in Bathurst.

I am in second year and have done placements of second year in opal healthcare and Bathurst base hospital
