PROFILE

I am currently in my second year of my degree in Bachelors of Nursing and am seeking a position as an Assistant in Nursing to utilize strong skills that I have obtained during my studies within both Aged Care and Hospital setting, coupled with a compassionate nature to provide quality care for residents. I aim to provide compassionate personal care assistance with hands-on experience, while contributing diligent efforts to meet team objectives and complete tasks. I am practiced in accurately acquiring and documenting vital signs and health metrics. Committed to creating and maintaining a positive rapport with patients and providing safe and quality patient care.

- My volunteer experiences in Far North Queensland developed my social skills and empathy, I dealt with disadvantages and disabled people

PIPER WYTENBURG

ASSISTANT IN NURSING

I am writing to express my interest in an Assistant of Nursing position at Thompson Health Care. With a strong passion for providing high quality patient care and a solid foundation in nursing support, I am confident that my skills and experience will align well with the needs of the healthcare team.

I have just completed my second year studying a Bachelors of Nursing at Avondale University in Wairoa, as well as both first aid, and mental health first aid certificate, up to date influenza vaccination, and have hands on experience of delivering compassionate care and skills that are required for an AIN position. I am confident in delivering personal care and comfort for patients, monitoring vital signs, assisting with varying levels of mobility and ensuring patient safety in varying healthcare settings including hospitals and aged care.

I am particularly drawn to Thompson Aged Care due to its commitment to providing high quality, patient centered care and comfort towards their residents in a safe environment that prioritizes the continuous development and self-determination of consumers. I believe that with my proactive attitude, time management and communication skills, will allow me to swiftly adapt to fast-paced environments.

Through developing strong interpersonal skills, it has allowed me to build trusting relationships with patient, families and colleagues. My attention to detail, empathy, and ability to remain composed under pressure make me confident in my ability to effectively contribute towards the healthcare team, and ensure productive patient care.

I would gladly welcome and appreciate an opportunity to discuss my background, skills, and commitment for care that can benefit your team. I have attached my resume for your review, and look forward to the possibility of speaking with you further.

Sincerely, Piper Wytenburg
